Entering Diagnosis Disorder Information

TIENET Quick Reference Guide

July 2, 2013

Diagnosis/Disorders Information needs to be as current and up-to-date as possible. These entries must be dated and have the official documentation to support the diagnosis.

- Select the student and go to their **Profile** tab.
- Locate the “Diagnosis/Disorders Information” in the **Program Information** drop down menu.

The following screen appears:

Entering Diagnosis Disorder Information

TIENET Quick Reference Guide

July 2, 2013

- Switch to Edit Mode by clicking the Edit icon (pencil above profile title).
- Check off the student's diagnosis/disorder information box and ensure that the student has supporting documentation provided by a health care professional. **Date of Diagnosis** can be found within the letter provided. If **Other Diagnosis(es)** is selected, please provide details in the text box.
- Click **Accept Changes** when you've completed data entries.
